

SCIENTIFIC PROGRAM

Head Professors: Roberto Santos Haliscak, M.D.
Pedro Galache Vega, M.D.

Associated professor: Pablo Díaz Spíndola M.D.
Julio Cesar Rosales de León M.D.

Schedule:

September 24th (Thursday) 13:00-19:00 hrs.

September 25th (Friday) 8:00 -17:00 hrs.

September 26th (Saturday) 8:30 – 14:30 hrs

Pre-congress courses/Workshop

Day 1: Thursday, September 24th, 2015
Activity hours 13:00 – 19:00 hrs

1.- Management of culture media and incubators. (From 12 to 19 hrs)

Head professor: Biol. Genaro Garcia Villafaña.
Associated professor: Biol. Samuel Eduardo Lopez Rodriguez
Biol. Oswaldo Daniel Gonzalez Vega.

2.- Contraception: Which is the best option for my patient?/ Special clinical scenarios.

Head professor: Ashanti Edith Aguilar Melgar M.D.
Associated professor: Laura Adrian Guerrero Vargas M.D.
Roxana Judith Torres Zapata M.D.

3.- Hormonal replacement therapy: From topic to systemic.

Head professor: Lorenzo Gonzalez Berchelmann M.D.
Associated professor: Selene Rivera Narváez M.D.
Angélica Bracamonte Díaz M.D.

4.- Workshop in Reproductive hysteroscopy.

Head professor: Claudia del Roble Balderas Rosales.
Associated professor: Eduardo Aguayo Macias M.D.
Marco Vinicio Chazaro Iwaya M.D.

5.- Workshop Reproductive and Infertility Nursery.

Head professor: Jose Iram Obeso Montoya M.D.
Associated professor: Maria Lidia Arenas Montesco M.D.
Juan Pablo Reyes Olivans M.D.

6.- Special Workshop in Reproductive Ultrasound by SMH Ultrasound and Ferring Pharmaceutical.

Head professor: Monica Ruy Sánchez Aguilar M.D.
Associated professor: Homero Flores Taméz M.D.
Victor Alfonso Batiza Resendiz M.D.

19:30-20:15 hrs Special symposya by Merck, Serono.
Carlos Simon M.D. (Spain /USA)

20:15 – 23:15 hrs. Welcome Cocktail

DAY 2: Friday, September 25th, 2015
Activity hours: de 08:00 – 14:00 hrs

- 7.- Male factor laboratory management in Assisted reproduction.
Head professor: Biol. Diana Marlene Castillo Garza.
Associated professor: Biol. Antonio Vidal Pascual Rodriguez
LBG. Gilberto Gerardo Saca Arancivia.

Congress

DAY 1: Friday, September 25th, 2015
Activity Hours 08:00 – 17:00 hrs.

07:00-08:00 Register.

8:00- 8:15 Introduction, welcome and initial evaluation.
Roberto Santos Haliscak M.D. (Mexico)

8:15-8:30 Welcome from ISMAAR president and from the Chair International Organizing committee.
Geeta Nargund, FRCOG. (United Kingdom)
Pasquale Patrizio, M.D., MBE (USA)

Module I. What do we understand for minimal stimulation?

Coordinator: Geeta Nargund, FRCOG (UK)/ Daniel Humberto Mendez-Lozano, M.D. (Mexico)

08:30-09:00 The Walking Egg project: global access to fertility care.
Willem Ombelet M.D. (Belgium)

09:00-09:30 Assesment of ovarian reserve for minimal stimulation.
Spiros Liatsikos, M.D. (UK)

09:30-10:00 Patient selection, protocols and outcomes of minimal stimulation.
Carlos Gerardo Salazar López Ortiz, M.D. (Mexico)

10:00 -10:30 Round table (Discussion table).
Willem Ombelet, M.D. (Belgium)
Spiros Liatsikos, M.D. (UK)
Carlos Gerardo Salazar López Ortiz, M.D. (México)

10:30 – 11:00 BREAK

Module II: Outcomes in minimal stimulation treatments: Worldwide experiences

Coordinator: Montserrat Reboloso M.D. (MEX)/ Spiros Liatsikos, M.D. (UK)

11:00 – 11:30 Minimal stimulation cycles (Mini IVF): the USA Experience.
Pasquale Patrizio, M.D. (USA) and Sherman Silber M.D. (USA)

11:30-12:00 Minimal stimulation cycles: the Mexican Experience.
Alberto Dávila Garza M.D. (Mexico)

12:00-12:30 Minimal stimulation cycles: the Peruvian Experience.
Julio Diaz Pinillo M.D. (Peru)

13:30 – 13:00 Minimal stimulation cycles: the Chinese Experience.
Jia Yin Liu M.D. (China)

13:00-13:30 Round table (Discussion table).

Coordinator: Spiros Liatsikos M.D.
Pasquale Patrizio, M.D.
Alberto Dávila Garza, M.D.
Julio Diaz Pinillo, M.D.
Jian Yin Liu, M.D.

13:30- 14:15 BREAK AND BOX LUNCH

14:15 – 14:50 Simplification and safety of in vitro techniques with new devices.

Pasquale Patrizio, M.D. (USA)

14:50 – 15:00 Questions/Answers

Module III: Optimization of ART cycles.

Coordinator: Rosales, Julio M.D (México)/ Willem Ombelet, M.D. (Belgium)

15:00-15:30 The role of advanced ultrasound in optimising ART outcome.

Geeta Nargund, FRCOG (UK)

15:30- 16:00 Adverse outcomes in minimal stimulation and conventional cycles

Pablo Díaz Spindola M.D (México)

16:00- 16:30 16:00- 16:30 Time to abandon the routine use of Long protocol & Conventional Stimulation in IVF

Nargund Geeta FRCOG (UK)

6:30 -17:00 Round table (Discussion table).

Coordinator: Willem Ombelet M.D
Pasquale Patrizio, M.D (USA)
Geeta Nargund FRCOG (UK)
Pablo Diaz Spíndola M.D. (Mexico)

17:00- 17:30 Special Ceremony for Samuel Hernandez Ayup, M.D (Mexican pioneer of ART).

Pedro Galache Vega, M.D. (Mexico)/ Victor Alfonso Batiza Resendiz, M.D. (México)

19:30 -23:30 OFFICIAL DINNER (KYO restaurant, Hotel Camino Real)

DAY 2: SATURDAY 26 de September 2015.
Activity Hours 8:30 – 14:30 hrs

Module IV: Special issues in ART.

Coordinator: Roberto Santos, M.D. (Mexico)/Julio Díaz Pinilla, M.D.(Peru)

08:30-09:00 Intra-uterine insemination: evidence-based guidelines for daily practice.
Willem Ombet (Belgium)

09:00-09:30 Women attitudes on oocyte freezing for elective fertility postponement
Marcia Inhorn, Yale anthropology, (USA)

09:30-10:00 Why fertilization after conventional IVF fails and why attempts to Rescue by ICSI and Ionophore Activation should not be done
Jonathan Van Blerkom, M.D. (USA)

10:00- 10:30 30 In-vitro activation (IVA) of ovarian follicles: From basic science to clinical application.
Kazuhiro Kawamura, M.D. (Japan)

10:30 – 11:00 Round table (Discussion table).

Coordinator: Julio Diaz Pinilla, M.D.

J onathan Van Blerkom M.D. (USA)

Kazuhiro Kawamura, M.D. (Japan)

Marcia Inhorn, (Yale anthropoly USA)

11:00 – 11:30 BREAK

Module V. Special issues for minimal stimulation.

Coordinator: Carlos Félix Arce (MEX)/Jose Iram Obeso Montoya, M.D. (México)

11:30-12:00 Luteal phase support: what to use and when to stop it in minimal stimulation cycles?
Victor Saul Vital Reyes, M.D. (México)

12:00-12:30 IVF laboratory in minimal stimulation cycles: the Mexican experience.
Genaro Garcia-Villafaña. BsC (México)

12:30-13:00 Is the endometrial receptivity different in minimal stimulation cycles?
Jose Antonio Horcajadas Almansa, M.D. (USA)

13:00-13:40 40 Natural cycle IVF/M.
Chian, Ri Chen (CAN)

13:40-14:10 Round table (Conclusions: What are the best protocols and the best set-up for minimal stimulation procedures?)

Coordinator: Dr. Carlos Félix Arce.

Saul Vital Reyes, M.D. (Mexico)

Jonathan Van Blerkom M.D. (USA)

Kazuhiro Kawamura M.D. (JAP)

Genaro Garcia Villafaña, BsC (Mexico)

J. Horcajadas, M.D. (USA)

Ri-Cheng Chian (CAN)

14:10-14:30 Clousure and final evaluation.

Pedro Galache Vega, M.D. (México)/ Roberto Santos Haliscak, M.D. (México)

Closing Remarks and Announcement of Next ISMAAR Congress
